TOP 100 SELECTION METHODOLOGY

Selecting the annual Top 100 3PL providers is no small task, given the pace of change and the number of new entrants in the global outsourcing market. IL editors whittled this year’s list from more than 400 companies through a comprehensive process of evaluating questionnaires, conducting research, and soliciting reader feedback. The goal is to provide a balanced and accurate assessment of our readers’ needs and the 3PLs we believe are best suited to meet their specific requirements.
