Press Release

Bender Group named “Top 100 3PL” by Inbound Logistics Magazine

Reno, NV, July 28, 2009: Bender Group headquartered in Reno, NV and provider of warehousing, transportation and international logistics services, was selected for the tenth straight year as a “Top 100 3PL” by *Inbound Logistics Magazine* in their July 2009 issue.

"Cutting transport costs is always important -- and even more so now -- but you wouldn't know it from our readers. Inbound Logistics readers say great 3PL relationships are built not just on cost savings but on consistent customer service. Clearly, customer service is fundamental in measuring 3PL excellence. Bender Group provides that level of customer service and that is why it has been recognized by Inbound Logistics editors as a 2009 Top 100 3PL Provider."- Felecia Stratton, Editor, *Inbound Logistics*

TOP 100 SELECTION METHODOLOGY

Selecting the annual Top 100 3PL providers is no small task, given the pace of change and the number of new entrants in the global outsourcing market. IL editors whittled this year's list from more than 400 companies through a comprehensive process of evaluating questionnaires, conducting research, and soliciting reader feedback. The goal is to provide a balanced and accurate assessment of our readers' needs and the 3PLs we believe are best suited to meet their specific requirements.

ABOUT BENDER GROUP

Bender Group is one of the most reliable and experienced third party logistics companies in North America with roots in the logistics demands of World War II. Founded in 1945 with a 60,000 square feet public warehouse in Reno, Nevada, Bender Group has responded to the evolution of the supply chain with an entrepreneurial spirit and emphasis on technology. Bender is now a full service 3PL, operating dedicated and multi-client distribution centers, a complete transportation network, and international logistics services. Bender uniquely integrates its expertise and resources with an intelligent and focused small business approach. More information about the Bender Group is available at www.bendergroup.com.
