Press Release

Bender Group receives a “superior” rating in recent food safety audit at Winchester, VA distribution center

Reno, NV - October 5, 2009 - Bender Group, a 64 year veteran of providing third-party logistics services in warehousing, distribution and supply-chain management, announces a result of “superior” rating from the latest food safety audit at the Winchester, VA distribution center. The audit, conducted by AIB International, evaluates the effectiveness of the facility’s adherence to the guidelines established in 21 CFR 110 and international legislation, and the adequacy of the programs that the facility has established for food safety management, pest control, operational methods, personnel practices, maintenance and cleaning.

Lee Canfield is the Facility Manager for the Winchester distribution center. Canfield is proud of the emphasis that his team continually places on sanitation, housekeeping and product handling best-practices. According to Canfield, “having AIB validate and recognize the work that we put into maintaining this facility for our clients is great for morale, and reassuring for our clients in the food business. We will proudly display the certificate of achievement and flag from AIB for receiving a ‘superior’ rating.”

ABOUT BENDER GROUP

Bender Group is one of the most reliable and experienced third party logistics companies in North America with roots in the logistics demands of World War II. Founded in 1945 with a 60,000 square foot public warehouse in Reno, Nevada; Bender Group has responded to the evolution of the supply chain with an entrepreneurial spirit and emphasis on technology. Bender is now a full service 3PL; operating dedicated and multi-client distribution centers, a complete transportation network, and international logistics services. Bender uniquely integrates its expertise and capabilities with an intelligent and focused small business approach.
